AS THE DEMOCRATIC COMMITTEE CHOSE ELECTION MANAGERS TUESDAY

Pick managers

Final selection of election managers for the Aug. 6 primary was completed about noon Tuesday by the county Democratic executive committee after a couple of consecutive sessions as candidates differed on some of the names listed, Chairman Joseph V. Colson reported.

The committee also approved the request of Charles Shaw that his name be withdrawn as a candidate for Best 3 supervisor. This narrows the field to eight.

A new procedure was used by the committee this year in selecting managers and Colson said on the whole it seemed to work well. Each candidate—and the field is over 100—was asked to nominate three names for each precinct in his home beat. Results were then tallied and those receiving the most nominations placed on the list.

Two protests—involving nominees for officials at Dedden and Foster—were considered in closed session, Colson said, while dispute about a Best 3 manager was settled in open session. Some difficulty was experienced in filling the list for Best 3 with addition of five names by splitting the larger ones, he added.

Those chosen, with peace and returning officers listed last in each precinct, are:

Beat 1—Ansley, Ed Lodner, Charles Hammer, Mrs. Alice Bourque, August Moran, Logtown, Roy Baxter, Mrs. Ed Martin, Eunice Casanova, A. L. Corver, Gainesville, Rufus Dawsey, Mrs. Rose Smith, Mrs. Mae Schukla, George Smith, Pearlington, Albert Haugens, Mrs. Albert Haugens, Mrs. Nancy Russ, Robert Duhon, Napoleon, Jacqueline Hoyer, Mrs. Leonia Smith, Mrs. Larry Landrum, Chris Landin.

Beat 2—Aron Academy, Mrs. Gussie McQueen, Tom Bill Higgins, Mrs. Mabel Smith, Leo Wood, Flatport, Leon Davis, C. P. Slay, Warren Whitfield, Rufus Mitchell.

Beat 3—Dedden, Harvey Malley, Jr., James B. Lodner, Norman Lodner, Vernon Peterson, Standard, Clarence Lizama, Mrs. Dennis Lodner, Emmett Niolet, J. V. Lodner, Crane Creek, Paul Harriel, Gordon Spiers, Tommy Shaw, Dextford Lodner.

Beat 4—Kila (A to L box).

Omar Haas, Tommy Gonzales, Leo Cuevas, Sidney Bennett, Kilo (M to Z), Mario Sills, J. W. Olcott, Mrs. Jerry Mitchell, J. D. Reddie, Fenton, Albert Wickman, Johnny Banks, Clamson Lodner, Leroy Ory, Cassor, Roger B. Gass, David Baker, Gordon Lee, Alphas Lee, Catechula, Forrest Lee, Oliver Seal, R. A. Bolt maims well motor

During Monday morning's electrical storm knock-out the 50 horsepower motor which operates the city's Leon Avenue well and seriously damaged Bay St. Louis' water works.

City employees struggled with the 1,000 pound piece of equipment yesterday from the housing it to take it to

New Orleans for repairs while Commissioner of Public Utilities J. Cyril Glover sought to make arrangements for that work in the face of the electricians' union strike in the Crescent City.

City crews were prepared to stand-by in New Orleans while the machinery is fixed so it can be speeded back here and returned to operation.

The motor draws water from the Leonhard Avenue well at the rate of 750-gallons a minute with a pressure of 60 pounds. With that equipment out the city distribution system is endeavoring to furnish as much pressure as it can with only the St. Charles Street, Easterbrook and main station on Ulin Avenue sources of supply. But the pressure from Ulin all the way to the end of Cedar Point is weak, Glover noted, and the whole city is suffering as a result.

He renewed the city's plea for conservation of water, the curfew on watering lawns and noted the dangerous situation that might develop in event of fire.

Tenn. Gas addition announced

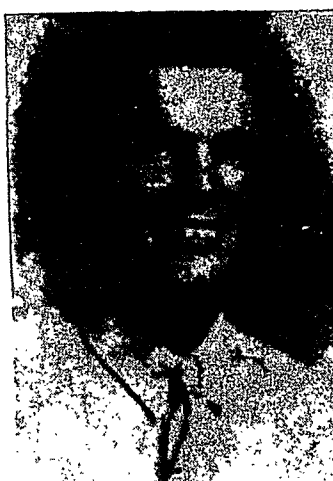

Tennessee Gas Pipeline Co., one of Hancock County's largest taxpayers, this week announced plans to install a new 2,000 horsepower natural gas compressor engine at its compressor station at Ansley.

O. H. Williams, station manager, said work should get underway about Aug. 15 on the job which also calls for extending the present building some 20 by 40 feet to cover the new engine. Bristow Corp. of Houston, Tex., is contractor for the work and between 30 and 75 men will be employed to complete the job.

Tennessee Gas' local compressor station was opened with four 2,000 hp. engines in 1959 and three more of the same size were added last year. The latest addition will double the capacity of the local plant, bringing its local compressor horsepower to 16,000. Work is expected to be completed by the end of this year.

Loan view told by FHA chief

Clarification of Federal Housing Administration policies with regard to financing residential construction in Hancock County in light of NASA's Mississippi Test Operations impact was clarified last week by FHA Commissioner P. N. Brownstein in a letter to Congressman William Colmer.

The matter had been raised by the county board of supervisors as the result of the rejection by the Jackson FHA office to finance the proposed 1,000 lot Bayou Cowan Estates subdivision of C. H. Hill, Pearlington contractor.

Mortgage insurance controls placed on the Jackson insuring office limits FHA firm commitments to permanent employees of NASA and is available also for permanent county residents, Brownstein wrote Colmer.

It is not available for temporary construction workers, who, by the nature of their employment, would not possess the long-term stability of employment needed to qualify for FHA, he continued. The commissioner cited that in Harrison County in 1962, some 343 commitments were issued as a result of "natural growth of the Gulf Coast cities—some of which may have been influenced by the start of the NASA facilities." No such demand, he noted, as a result of natural growth has occurred in Hancock and Pearl River Counties.

In light of these facts, Brownstein continued, the Jackson office was not prepared to under-

write the Bayou Cowan development "for anything as pretentious as a 1,000 lots but is prepared to give site approval for a limited number of lots confined to a section of around 100.

It would be willing, he wrote, "to issue conditional commitments for five model houses provided the section in question meets all of our sub-division requirements for streets, drainage, water and sewage."

COLEMAN CAMPAIGNS - J. P. Coleman, second from left, former governor bidding for a second term in the state mansion in the upcoming Democratic primary, chose with local supporters during rally at Courthouse Saturday morning. Center is J. Horton Haas; next to him Omar Haas, chairman of county supporters, Coleman went on to Neccese farm for north county rally.

Rutherford sets record

135 donate blood

The emergency blood drive at the American Legion home Thursday netted 135 pints for Hancock County use. The number of pints was slightly under previous amounts, but considered good in comparison to the seven pints drawn in the McComb area and the 230 at Keesler Air Force Base the same week. The heat apparently explains the drop, as many of the 28 rejected were running slight temperatures.

John Rutherford hit the top mark for the county as he donated his 50th pint of blood. In second place for the all-time donation count is Warren Higgins, trailing only by a few

pints. Those who assisted with the drive were Dr. W. L. McFarland, Dr. J. B. Lewis, Jr., Dr. B. J. Houston firm bid low on MTO headquarters

Warrior Constructors, Inc., of Houston, Texas, were apparent low bidders last Thursday when bids were opened for the central laboratory and engineering building of the NASA's Mississippi Test Operations.

Warrior bid \$3,480,011, slightly under the government estimation price of \$3,518,923 for the construction of the huge building to serve as MTO's headquarters. It will have more than 140,000 square feet of floor area, will house NASA personnel and support and rocket stage contractors, and will contain among other things a central cafeteria, medical center, postoffice, and central security control.

Bids will be awarded within the next few days on the project pending evaluation. Altogether, 12 bids were opened on the central building.

Meanwhile Barco Electric Construction Co. of Pensacola, Fla., got the contract for \$211,758 to build a 13.8 KV electrical distribution system and install a 110

KV sub-station to serve the site. The firm will construct 9 miles of aerial distribution lines, 1/3 mile of underground ducts with manholes, 5 pole-mounted transformer banks, and a switchyard.

Work is expected to begin early in August and to be completed by the first of April 1964.

Aug. 9 has been set by Army engineers as the date for opening of bids in Mobile on construction of a double-leaf bascule bridge over the main canal connecting the East Pearl River to the network of canals within the test area. The bridge over 200 feet long, will cross the canal just east of the lock to be constructed in the southwest corner

FPC orders

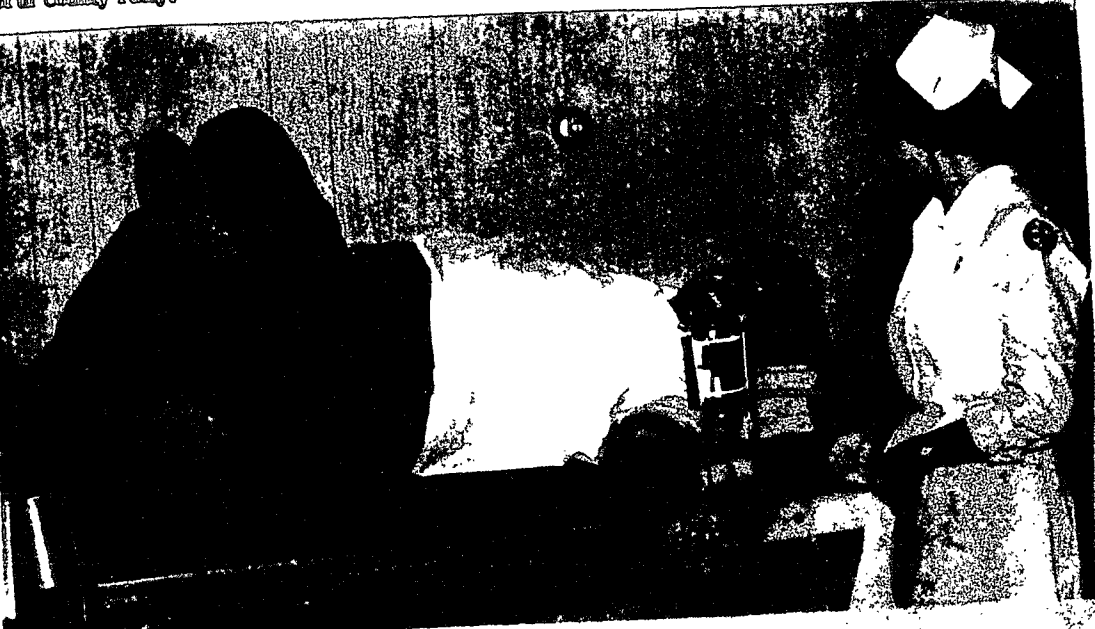

show cause on MPC dual rate

The federal power commission has issued an order for Mississippi Power Co. to show cause why it should charge dual rates in selling power to Rural Electrification Administration cooperatives, including Coast Electric Power Assn. of Bay St. Louis, as the co-op's wholesale supplier.

In the order issued in Washington July 15, it provides that Mississippi Power should respond to the order on or before Aug. 19, with notices of intervention to be filed with the FPC no later than Aug. 6.

The Coast Electric system involved includes Piquay, north and south, Leland, Poplarville (Derby), Bay St. Louis, Blind Western, Blind (Gay Road), Salem and Sucker. The order also covers Pearl River Valley Power Assn. and Singing River.

The FPC inquiry questions whether Mississippi Power's contracts are restrictive in the rates charged by curtailing resale of power to consumers other than farms and homes.

IS THAT ENOUGH? - John D. Rutherford, Jr., contributes his 50th pint at Hancock County Blood Bank emergency drawing last Thursday as Jane Blaschford of Mobile, technician with Red Cross regional bloodmobile, checks his progress.

CARROLL GARTIN'S Segregation Stand

Carroll Gartin is dedicated, determined and pledged to fight for total segregation. Every piece of legislation passed from 1952 to 1960 in an effort to maintain segregation not only bears his signature but had his active support. He was a member of the Sovereignty Commission from the time it was created to the time he left office in 1960. He is familiar with Mississippi's plans to defend our way of life. No sacrifice will be too great for him to make and no hardship will be too much for him to endure in his determination to maintain segregation and the sovereignty of Mississippi.

Editor, Sea Coast Echo:
Congratulations! I certainly appreciated your editorial of July 18, Pokey Boats Blues.

Having been the one who brought this matter to the public's attention, in the June 13 issue of the Eagle (You could not print a letter because of its length) I am most happy to find that so many of our people are strongly against the operation of these "menhaden" fishermen on our very shores, destroying all types of seafood by their operations in shallow waters. Consequently hurting several of our revenue producing businesses, the tourist trade, our local fishing enthusiasts and the local commercial fishermen and shrimpers.

Definitely we must protect our main attraction "fishing" and I feel this is one topic in which a candidate should make a public stand.

It is my opinion that our county governing body, the board of supervisors, should have taken the initiative in this matter whereby our county is being hindered, but if they will not act for our sport and commercial fishing protection on their own, I will be happy to be at the next board meeting to officially file my request for action against inshore fishing of the pokey boats. And hereby request others to join with me in appearing before the board.

Congratulations on your public stand in behalf of our community.

Sincerely,
RUSSELL J. ELLIOTT

Chamber directors, garden club study anti-litter drive

Establishment of a continuing anti-litter drive in Hancock County was considered by the Chamber of Commerce board of directors Monday night at a meeting to which representatives of Bay-Walton Garden Club were invited.

Mrs. Hilario Ogden, garden club president, said the group decided to ask leaders of all organizations in the area to the next meeting, Aug. 19, to discuss the program. Attending the session with her were Mrs. Ruth Woods Lederbach and Mrs. Gertrude Glem.

While before the project began, mosquitoes were attacking workers at a phenomenal rate of about 80 bites per man per minute, insects now are striking only about 40-60 times per man per minute. In some sprayed areas, a 94.8 per cent improvement has been noted. Officials at least are terming the new conditions "livable". It is hoped that spraying will reduce infestation to only 10 bites per man per minute.

By special arrangement with the Air Force, NASA is using two C-123 planes and crews from Langley Air Force Base, Va., for the operation.

Mr. Elliott in, we think, correct. However, the only professional involved says that the "pokey" boats do not damage the sport fishing. To our knowledge Mr. Elliott has not requested the board of supervisors to take the limited action they can, for the operation.

Legion women install slate

Officers of the American Legion auxiliary for the coming year were installed July 18 at the Legion home by Mrs. R. E. Thompson, of Monticello, state auxiliary president.

Mrs. C. J. Piazza is the new president with Mrs. Chester Favre, first vice president; Mrs. Leroy Luke, second vice president; Mrs. Clyde Craig, secretary; Mrs. Jane Baum, treasurer; Mrs. Rich Ferguson, historian; Mrs. Rene Bermond, Chaplain; Mrs. Dan Ziegler, sergeant-at-arms, and Mrs. R. J. Reinike, state junior activities chairman.

Jeannie Rutherford, junior auxiliary member, was presented a plaque by the local group in recognition of being chosen outstanding junior auxiliary member in the statewide contest. Mildred Baum placed second.

Mrs. Jack Baum was presented with a past president's pin. She expressed her appreciation to the group for cooperation received during her term in office.

Out-of-town guests here for the occasion were Mrs. A. A. LeDuke of Biloxi, auxiliary District 9 president, and Miss Florence Westcott of Biloxi, Chaplain of Solon 218 of the BEO.

A recent local dinner was served later.

of the area and will carry four lanes of vehicular traffic to provide access from the south entrance.

Bids will be opened Aug. 15 in Mobile for construction of a railroad track from the end of the recently completed Southern Railway spur to the railroad terminal site in the service area. Trackage will amount to about 2.2 miles.

The Engineers also are soliciting informal proposals for furnishing a mobile food and drink dispensing service to construction workers and other personnel at MTO.

The successful offeror will get a five-year license for providing these services to various work sites from one or more vehicles. Compensation to the Government will be a fixed sum per year plus a percentage of the gross receipts. The license will be awarded to the highest responsible offeror.

Copies of the invitation may be obtained from the real estate project office in Bay St. Louis.

Vote for WINTER in AUGUST

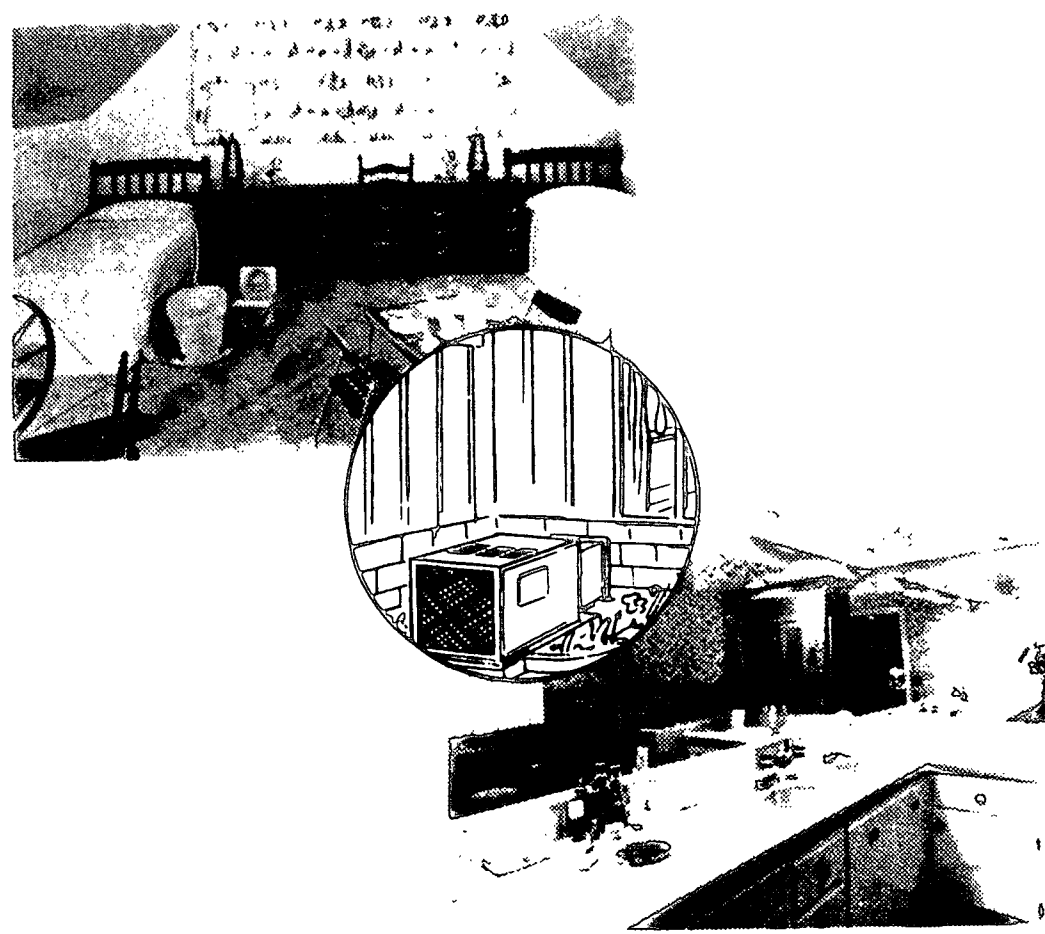

William F. WINTER

For State Treasurer

- ★ The efficient and trustworthy management of taxpayers funds is absolutely necessary to carry on the activities of our state government in a proper manner.
- ★ William Winter has proved his ability through 16 years experience in elective public service. (Nine years as a member of the legislature and 7 years as State Tax Collector)
- ★ William Winter has always believed that public office belong to the people and not to the individuals who hold them. That's why WILLIAM WINTER ENCOURAGED THE LEGISLATURE TO ABOLISH AN UNNECESSARY EXPENSE THE STATE TAX COLLECTOR'S OFFICE TO WHICH HE WAS ELECTED FOUR YEARS AGO.

Submitted to and approved by William Winter.

7-Up, Scoops win

Seven-Up swept to three straight victories and the championship of the Little League Tournament Sunday at City Ball Park. The Sea Coast Echo Scoops upset Fahey Drug and Youth Center to win the Pony League tournament, held in conjunction. Both were for the benefit of the loop banquet fund.

Nears play-offs

Enamel upsets CYO

Industrial Enameling, bidding for a spot in the up-coming play-offs, rallied from behind to upset the Catholic Youth Organization 8-7 Monday night in the second half of a Bay Softball League doubleheader at City Ball Park. Reinike's Dirt Dobbers trounced Krankey 17-7 in the opener.

Red Davis blooped a double down the right field line scoring Billy Thomas with the winning run in the last of the seventh inning of the nightcap, played on a wet field in drizzling rain before one of the season's smallest crowds. CYO had taken a 6-0 lead in the early innings only to watch Industrial rally and finally even the count in a four-run sixth before winning in the seventh.

Carlos Young, Robert Brownlee, Jimmy Benigno and Davis paced Industrial at the plate with two hits in three trips to the plate. CYO also boasted a balanced hitting attack as Al Ladner and Richard Schaefer were 2-3 and Nodie Ladner, Curtis Motherma and Don Saucier all 2-4 in a losing cause.

Davis was the winning pitcher for Industrial, and Al Ladner the loser.

Reinike pounded 23 hits en route to an easy win over Krankey, and moved into a virtual tie with Trepani for the league lead. The Treps are still on top via percentage points. Buddy Pitolo was 3-3, and Gene Tarzetti and Billy McDonald 3-4 for Reinike while Herman Blackwell was 2-3 for Krankey.

McDonald set down Krankey batsmen with only seven hits in going the distance on the mound. Bruce Favre was charged with the defeat.

Tomorrow's doubleheader at 8 p.m. pits Industrial vs. Roland Signs and Krankey vs. Kilm Youth Center. Monday, it'll be CYO vs. Reinike and Southern Realty vs. Trepani in the season's biggest doubleheader, one that could well decide each of the four play-off positions. Also remaining on the regular season schedule is a doubleheader postponed two weeks ago because of a light failure in which Southern Realty plays Kilm Youth Center and Trepani collides with CYO.

Seven-Up edged Gulf Coast Express 2-1 in the Little League final, a well-played contest between the two squads that all year have been fighting for first place. Jackie Strong and Perry Stephens came home with the deciding runs for 7-up, while J. Benigno tallied for Express.

The Scoops fell behind 3-0 in the first inning, but scored steadily from that point on for a 7-3 victory in the finals over Youth Center. Don Wiltz, Russell and Favre each scored twice for the winners and Carvin added a seventh. Big inning for the Scoops was a four-run second. The Scoops had upset regular league leader Fahey Drug in the Pony League tournament curd-raiser.

Little League semi-final action found 7-Up blanking Richmond 7-0 and Gulf Coast Express defeating Coastal Electric 7-2. In first-round play, 7-up eliminated the Junior Sheriffs, Express clipped Cue Oil, Coastal Electric eased past Industrial, and Richmond defeated Merchants' Beach.

Scoops finally post Pony win in Fahey upset

The Sea Coast Echo Scoops won their first game of the 1963 Pony League season Thursday afternoon, upsetting first place Fahey Drug 7-6 when Bruce Cox singled in the last of the fourth and final inning to drive home Jimmy Lolacano with the tie-breaking run.

The Scoops grabbed the lead with runs in the first and second innings and a four-run outburst in the third while Fahey was tallying single markers in the first and third frames. Fahey bounced back with four of their own in the top of the fourth, however, to tie the count before the Scoops ran it in their fourth.

Don Wiltz collected half of the four singles off the pitching of Walter Gagnon for the winners. Cox and Lolacano also hit safely for the Echo. Mond Rhodes ripped two hits, and Wayne, David Ohlmeier, and Riley Walker stroked one-base blows for Fahey.

Wiltz went the distance on the mound for the victory. Gagnon was the losing hurler.

Last Tuesday the loop took an off date. Today, at 4:30 p.m., the Scoops try to continue their winning ways against Youth Center. Tuesday, it'll be Fahey Drug vs. Youth Center.

24 years of advertising the GULF SOUTH

In July, 1939, United Gas began a series of advertisements in national magazines with the purpose of building the economy of the "Gulf South" by attracting industries to this area. Today—24 years later—United Gas is still promoting the Gulf South with colorful advertisements in Time, Newsweek, U. S. News & World Report, Business Week and Wall Street Journal. The ad shown below will reach upwards of 30 million adult readers. This is another way in which United Gas helps to build the Gulf South, the portions of Texas, Louisiana, Mississippi, southern Alabama and northwestern Florida served by our company.

HERE'S WHAT THE CANDIDATES FOR GOVERNOR SAID ABOUT KENNEDY IN 1960

Charles Sullivan said:

"Mr. Kennedy pledges the integration of every school by 1963. It will surely happen if either of these candidates is successful.

"If you think the states have the right to determine this question, then you have a moral obligation to vote against him.

"It should be apparent that what Mississippi needs is the absolute destruction of the political and governmental philosophy which Mr. Kennedy by his practice has demonstrated he will advance.

Paul Johnson said:

"I don't know enough about the proceedings that took place in Los Angeles to comment on the actions of the Democratic National Convention. I just don't have any opinion on it right now."

UPI - Biloxi - July, 1960

"Circumstances have conspired to create a situation in which we in the South are the only people left in this country with courage and moral fortitude to fight to preserve a republic of sovereign states.

"If Mississippi votes for Kennedy we will have shown to the world that we admit defeat of our principles."

Tupelo, September, 1960

J. P. Coleman said:

"Why should Mississippi make a mistake when there is absolutely no necessity that we should do so. I do not have to ask someone else what he knows about Kennedy and Johnson. I can rely on my own knowledge of these men. They have been my close, personal friends for many years. I am glad to be able to look my people in the face and testify that I have an abiding confidence in the ability, the patriotism and the loyalty of each of them. They will be a great president and a great vice president of the United States and certainly we need that in these troubled times. Many, many months before Senator Kennedy had so much as announced as a candidate for President, he came to Mississippi - it was not a 30 minute visit to Capital Street in search of votes on a Saturday afternoon - he spent the night at the governor's mansion.

"This Irishman from Boston, this man named John F. Kennedy, who wrote the story of the life of Mississippi's L. C. Lamar, showed not only sympathy for us, but also the best informed, understanding, of any man I have ever encountered, north of the Mason and Dixon line. I might add that in my experience I have encountered a good many of them. You can rest assured that if Senator Kennedy should become president of the United States, there is any number of Mississippians, myself included, who can and will be welcome at the White House. We can and will, receive a sympathetic hearing in the handling of those problems that so sorely beset us."

Caution small boats using new channel

A word of caution to small boat operators and sport fishermen on their safety while using the interim channel of the Mississippi River-Gulf Outlet was issued this week by Col. Edward B. Jennings, district U. S. Army Engineer at New Orleans.

The 36 feet in depth by 250 feet in width channel, a 76-mile short-cut to the Gulf from New Orleans, will be opened to general navigation at 1 p.m. today. "It will be extremely difficult for the average pleasure boat operator to imagine the disastrous effect passing ocean liners and cargo ships can have on his craft," Colonel Jennings said. For this reason, I feel it is essential that these effects should be explained in detail.

"As a large ship approaches a given point, a slight wave is pushed ahead. As it comes immediately abreast," he added, "a suction effect is felt that abruptly drops the water level in the channel, drawing water off the bank of the waterway. This change in water level can easily exceed a foot," Colonel Jennings noted.

"As the ship passes," he continued, "this water returns heavily toward the shore and can, with very little difficulty, throw a small boat onto the bank. Shortly after the vessel has passed, a series of waves, reaching two feet or more in height, will cause severe agitation along the bank."

"Quite obviously," the New Orleans District Engineer concluded, "the total effect possible on a small craft from the passage of a large vessel can be swamping, overturning, or literally throwing the boat on the shore; and for this reason I feel cannot overemphasize the hazards that could befall the small boat operator on the Mississippi River-Gulf Outlet."

Bay bourbon trophy series set at BWYC

Races will begin this weekend at Bay-Waveland Yacht Club in the annual Bay Bourbon Trophy series for skipperettes. The four-race series, first sailed in 1950, will continue the following weekend.

Bay Chamberlain, currently the leading skipperette at BWYC, will participate along with the six others: Beatie Geary, Rosemary McFarland, Judy Reeves, Jean Reeves and Virginia Watts.

While top junior skipperettes were in Florida winning the Junior Lipton championship of the Gulf Yachting Assn., a large card of races was sailed Saturday and Sunday at Bay-Waveland. Squalls caused postponement of Sunday's final race.

Four were sailed in the expert division, with Bill Reeves claiming two firsts. Harry Chapman and Bill Watts were winners in the other expert races.

Skipperettes captured the spotlight in Class A competition. Saturday's A race was won by Judy Reeves while Virginia Watts

Traps edge Roland

Trepan's Knock-Knock edged Roland Signs 7-6 Friday night in Bay Softball League play to protect their slim advantage in first place. Reinko kept pace with an 8-2 triumph over Kila Youth Center in the nightcap.

Bobby Boudin's sacrifice fly plated Clayton Adams with the winning Trepan run in the seventh and final inning against Roland, 16-7 winners over the Traps earlier this season. Lefty Gas Almo hurled the distance on the mound and collected four hits in as many batters for the winners. Ben Noto and losing pitcher Louis Ledner were 2-3 for Roland Signs.

Buddy Pizalo, back in action on Sunday, Lon Adams and Timmy Eagan were first place finishers in junior competition.

Bob Whitfield won Saturday's GP-14 race with Valds Pitcairn second, Tookie Bosworth third and Ellen McDonald fourth.

In addition to the Bay Bourbon series to be at BWYC, the local club will send a team of experts to New Orleans Saturday and Sunday for participation in the annual John Curran Regatta.

In upset of Mollere

Mary Middleton sparks Jerome win

Scoring four runs in the first inning, Jerome upset Mollere Realty 6-5 Sunday night in Women's Softball League play at City Ball Park. The defeat coupled with a 20-6 Moran conquest of Our Lady of the Gulf once again resulted in a deadlock for the top spot after Mollere had moved ahead with a Thursday triumph over Moran.

Jerome only collected four hits against Mollere but combined the safeties with 10 errors on route to a surprise victory. Mary Middleton, homered to spark the winners, while Patsy Carver had a triple and Francis Cochran and Jo Ann Colson each singled for Jerome. Carolyn Scarborough was 2-3 including a home run. Marie Pierce rapped a four-bagger, and Dale Sallier was 2-3, all in a losing cause.

The victors took a 4-0 lead in the first, then ran it with a single tally in the fourth after Mollere Realty opened the count in their third. Jo Ann Colson, a surprise pitching choice, hurled good ball for the win. Dale Sallier was the loser.

Moran swamped OLG in the nightcap 20-6 behind a steady hitting attack, pushing at least one runner across the plate in each of the six innings played. Beverly Lopez was 3-5 for Moran including a grand-slam home run. Diane Schneider was 2-4. Sue Porter and Dee Ash were 3-3 and Margie Lentant 3-4 for OLG.

Bertie Faye Neelise was the winning pitcher and Dee Ash took the defeat.

Thursday's battle for the lead between Moran and Mollere was decided in the opening inning when Mollere plated four runs to grab an advantage never relinquished. The winners added an insurance marker in the third while the lone Moran tally crossed in the second.

Paula Crider and Jeanette Kimmel each slapped two hits in as many batters to pace the Mollere attack. Dale Sallier was the winning hurler and Bertie Faye Neelise the loser.

Jerome won a closely-fought 9-6 victory over OLG in Thursday's nightcap. The winners grabbed a 4-1 lead in the first inning, fell behind 5-4 in the top of the third before rallying for three and a 7-5 advantage in their third, then pulled away with single runs in the fourth and fifth

frames. Ellen McDonald and Elaine Miller were the sparkplugs of the Jerome offensive attack with two hits in three trips to the plate. Faye Monti provided the highlight of the evening for OLG with a long home run. Elaine Miller gained the pitching victory with Dee Ash taking the loss.

The final regular scheduled doubleheader of the season is on tap today beginning at 8 p.m. when Moran plays Jerome and Mollere Realty meets OLG. A pair of twin bills postponed from earlier in the season will be played Sunday and next Thursday nights, preceding the start of playoffs.

Junior Lipton team captures GYA trophy

Bay-Waveland Yacht Club sailed to a decisive victory over the weekend in the annual Gulf Yachting Assn. Junior Lipton Cup championships at Fort Walton Beach, Fla. Yacht Club. The local club scored 37 1/2 points in the three-race series while runner-up St. Andrews Bay tallied 31 3/4.

Basil Kennedy, Walter Chamberlain and Chuck Breath represented BWYC in the regatta, and Dick Mestayer assisted as crew member. Kennedy was the winner over 12 other boats in the opening race, Chamberlain claimed top honors in the second, and Breath wrapped up the title with a third place finish in the final race.

Other clubs and their point totals, in order were: Southern Yacht Club 31, Mobile 29, Biloxi 27, Fort Walton 24, Pass Christian 21, Buicanear 16, New Orleans 13, Pensacola 11, Gulfport 10, Fairhope 8, and St. Petersburg 5.

The weekly dinner at the local club Sunday will honor the young skippers for their performances.

Four to attend forestry school on conservation

Wayne Cuevas and Wendall Lasher, both of Hancock North Central School, and Tommy White and Dale Bilbo of Bay High School leave Monday for Moran and the State Boys Conservation school at Roosevelt State Park sponsored by the Mississippi Forestry Assn.

The week-long school will feature instruction in conservation and use of timber, soil, water and wildlife.

Local committee responsible for selecting the boys to attend are Hugh Sanford, work unit conservationist, Glen D. Purvis, area forester, O. O. Swords, county agent, Nolan S. Lasher, game warden, and D. J. Martin, vocational agriculture teacher at HNC.

7-Up stays in lead Express blanks Junior Sheriffs

Gulf Coast Express blanked the Junior Sheriffs Monday in the Little League play to remain firm in the loop's second position behind 7-Up, come-from-behind winner over the Junior Sheriffs in their only game during the past week.

Express, most improved team over last season, scored six runs in the first inning and rode no-hit pitching to victory in a game called after three innings. J. Benigno and D. Lafontaine paced the winners with two hits each while Spencer Schayot and Mike Benigno also hit safely. Express added three runs in the second and one in the third in addition to the big first inning.

The other game scheduled Monday between Coast Electric and Merchants Bank was postponed after being interrupted in the second game by rains.

Seven-Up scored twice in the last of the fifth and final inning to eek past the Junior Sheriffs 6-5 Friday after the lawmen had taken a brief lead with three runs in their fifth. Claude Yarbrough hurried and batted his team to the win, rapping two hits and pitching the distance. W. Williams and Perry Stephens also hit safely for 7-Up. T. Lyon and Orville Ferrell singled for the Sheriffs. Carlat was the losing pitcher.

Friday's other contest found Industrial Enameling rallying from a 9-1 deficit with five runs in each of the last two innings for an 11-9 triumph. Carver had two hits and Cuevas and P. Ferguson one each for Industrial, while Scarita's two singles and Caldwell and R. Kidd's one base blows were other safeties. Ferguson was the winning pitcher and Gus Collier the loser.

Coast Electric snapped out of a slump in convincing fashion Wednesday in a single tilt, blasting Riemann 19-1. John Dougher hurled a two-hitter in the contest, called after three innings because of the score. Dougher

TO MY FRIENDS, THE VOTERS OF HANCOCK COUNTY

For the past twelve years, I have endeavored to serve you one and all, in the best of my ability as Chief Clerk in the Office of Chancery Clerk of Hancock County.

Now I hope to continue to serve you for the next four years as your Chancery Clerk. If I am elected, with your help and vote, I will continue to assist one and all in facilitating your business with the Clerk's office. I promise that every one will be treated with courtesy and helpful understanding in the Clerk's office, by myself and staff.

The Office of Chancery Clerk is one of the most important ones in the County to all of our citizens. The vital records of all real property are kept there. All reports of Board of Supervisors' proceedings, and other official instruments, are entrusted to the Clerk's care for safekeeping. It is of the utmost interest to all of us that these records are given proper care and correct filing. This can best be done by one who understands the working arrangements of the office. This I know well, after twelve years; and the records will be given excellent care if you elect me.

If you feel I have earned it, and see fit to give it to me, I will be your next Chancery Clerk, and you will never regret the gift of your vote to me.

Sincerely,
MARIE QUINTINI

Waveland's zoning ordinance

(Cont. from Page 2 Sec. 8.)

Aldermen shall prescribe a time limit within which the action for which the special exception is required shall be begun or completed, or both. Failure to begin or complete, or both, such action within the time limit set shall void the special exception.

3. VARIANCES: CONDITIONS GOVERNING APPLICATIONS. PROCEEDURES - To authorize upon appeal in specific cases such variance from the terms of this ordinance as will not be contrary to the public interest there, owing to special conditions, a literal enforcement of the provisions of this ordinance would result in unnecessary hardship. A variance from the terms of this ordinance shall not be granted by the Mayor and Board of Aldermen unless and until:

- a) A written application for a variance is submitted demonstrating:
1. That special conditions and circumstances exist which are peculiar to the lot, structure, or building involved and which are not applicable to other lots, structures, or buildings in the same district.
2. That literal interpretation of the provisions of this ordinance would deprive the applicant of rights commonly enjoyed by other properties in the same district under the terms of this ordinance.
3. That the special conditions and circumstances do not result from the actions of the applicant.
4. That granting the variance requested will not confer on the applicant any special privilege that is denied by this ordinance to other lots, structures, or buildings in the same district.

No non-conforming use of neighboring lands, structures, or buildings in the same district, and no permitted use of lands, structures or buildings in other districts shall be considered grounds for the issuance of a variance.

b) Notice of public hearing shall be given as in Section 9 (2) (b) above;

c) The public hearing shall be held. Any party may appear in person, or by agent or by attorney.

d) The Mayor and the Board of Aldermen shall make findings that the requirements of Section 9 (3) (a) have been met by the applicant for a variance;

e) The Mayor and the Board of Aldermen shall further make a finding that the reasons set forth in the application justify the granting of the variance, and that the variance is the minimum variance that will make possible the reasonable use of the land, building, or structure;

f) The Mayor and the Board of Aldermen shall further make a finding that the granting of the variance will be in harmony with the general purposes and intent of this ordinance, and will not be injurious to the neighborhood, or otherwise detrimental to the public welfare.

In granting any variance, the Mayor and Board of Aldermen may prescribe appropriate conditions and safeguards in conformity with this ordinance. Violation of such conditions and safeguards, when made a part of the terms under which the variance is granted, shall be deemed a violation of this ordinance and punishable under Section 16 of this ordinance.

Under no circumstances shall the Mayor and Board of Aldermen grant a variance to allow a use not permissible under the terms of this ordinance in the district involved, or any use expressly or by implication prohibited by the terms of this ordinance in said district.

4. DECISIONS OF THE MAYOR AND BOARD OF ALDERMEN - In exercising the above mentioned powers, the Mayor and Board of Aldermen may, so long as such action is in conformity with the terms of this ordinance, reverse or affirm, wholly or partly, or may modify the order, requirement, decision, or determination appealed from, and may make such order, requirement, decision, or determination as ought to be made, and to that shall have powers of the administrative official or Planning and Zoning Commission from whom the appeal is taken.

The majority vote of the Mayor and Board of Aldermen shall be necessary to reverse or affirm the decision, requirement, decision, or determination of the Planning and Zoning Commission.

5. DECISIONS OF THE MAYOR AND BOARD OF ALDERMEN - In exercising the above mentioned powers, the Mayor and Board of Aldermen may, so long as such action is in conformity with the terms of this ordinance, reverse or affirm, wholly or partly, or may modify the order, requirement, decision, or determination appealed from, and may make such order, requirement, decision, or determination as ought to be made, and to that shall have powers of the administrative official or Planning and Zoning Commission from whom the appeal is taken.

The majority vote of the Mayor and Board of Aldermen shall be necessary to reverse or affirm the decision, requirement, decision, or determination of the Planning and Zoning Commission.

6. DECISIONS OF THE MAYOR AND BOARD OF ALDERMEN - In exercising the above mentioned powers, the Mayor and Board of Aldermen may, so long as such action is in conformity with the terms of this ordinance, reverse or affirm, wholly or partly, or may modify the order, requirement, decision, or determination appealed from, and may make such order, requirement, decision, or determination as ought to be made, and to that shall have powers of the administrative official or Planning and Zoning Commission from whom the appeal is taken.

SECTION 12. APPEALS FROM THIS MAYOR AND BOARD OF ALDERMEN

Any person or persons, or any board, committee, department, board or bureau of the Town approved by any decision of the Mayor and Board of Aldermen may seek review by a court of record of such decision, to the extent provided by the laws of the State of Mississippi and particularly Section 1193 of the Mississippi Code of 1942 and all amendments thereto.

SECTION 11. DUTIES OF ADMINISTRATIVE OFFICIAL, MAYOR AND BOARD OF ALDERMEN, AND COURTS ON MATTERS OF APPEAL

It is the intent of this ordinance that all questions of interpretation and enforcement shall be first presented to the Planning Commission, and that such questions shall be presented to the Mayor and Board of Aldermen only as appeal from the decision of the Planning Commission, and that recourse from the decisions of the Mayor and Board of Aldermen shall be to the court as provided by law and particularly by Section 1193 of the Mississippi Code of 1942 and all amendments thereto.

Under this ordinance the Mayor and Board of Aldermen shall have, in addition to their duties as a board of review, the duties of (1) considering and adopting or rejecting proposed amendments or the repeal of this ordinance, as provided by law, and (2) establishing a schedule of fees and charges as stated in Section 12, below.

SECTION 12. SCHEDULE OF FEES, CHARGES, AND EXPENSES

The Mayor and Board of Aldermen shall establish a schedule of fees, charges, and expenses, and a collection procedure, for building permits, certificates of zoning compliance, appeals, and other matters pertaining to this ordinance. The schedule of fees listed below shall be posted in the office of the Town Clerk, and may be altered or amended only by the Mayor and Board of Aldermen.

No person, certificate, special exception, or variance shall be issued unless and until such costs, charges, fees, or expenses listed below have been paid in full, nor shall any action be taken on proceedings before the Mayor and Board of Aldermen unless or until preliminary charges and fees have been paid in full.

1. Before any action shall be taken by the Planning and Zoning Commission as provided herein, the party or parties proposing or recommending a change in the district regulations or district boundaries shall deposit with the Town Clerk the sum of Twenty-Five Dollars (\$25.00) for each text change not involving acreage or Five Dollars (\$5.00) for each acre of land or portion thereof for which a change in classification is proposed or recommended to cover the approximate cost of this procedure; however, the minimum fee shall not be less than Twenty-Five Dollars (\$25.00) regardless of acreage, and the maximum fee shall not exceed Two Hundred Dollars (\$200.00) which shall apply for all acres of forty (40) or more acres; and under no condition shall said sum or any part thereof be refunded for failure of said change to be adopted by the Mayor and Board of Aldermen.

2. Should a notice of appeal be filed a fee of Fifteen Dollars (\$15.00) shall be paid to the Town Clerk at the time the notice of appeal is filed, which shall be deposited to the credit of the general revenue fund of the Town of Waveland.

3. Such other fees and charges as may prove necessary shall be made from time to time, upon due public notice, by the Mayor and Board of Aldermen.

SECTION 13. AMENDMENTS

The regulations, restrictions and boundaries set forth in this ordinance may from time to time be amended, supplemented, changed, modified or repealed, provided, however that no such action may be taken until after a public hearing in relation thereto, at which parties in interest and citizens shall have an opportunity to be heard. At least fifteen days notice of the time and place of such hearing shall be published in a newspaper of general circulation in the Town.

In case, however, of protest against such change signed by the owners of twenty per cent or more either of the area of the lots included in such proposed change, or of those immediately adjacent to the tract thereof extending 160 feet therefrom, or of those directly opposite thereof extending 160 feet from the street

frontage of such opposite lots, such amendments shall not become effective except by a favorable vote of two-thirds of the governing body of the Town of Waveland.

SECTION 14. PROVISIONS OF ORDINANCES DECLARED TO BE LOCAL REQUIREMENTS

By their adoption and application to the provisions of this ordinance shall be held to be local requirements, adopted for the protection of the public health, safety, morals or general welfare of the Town of Waveland, the provisions of this ordinance are a variance to the requirements of the laws of the State of Mississippi, and the provisions of this ordinance are hereby declared to be local requirements, and the provisions of this ordinance are hereby declared to be local requirements, and the provisions of this ordinance are hereby declared to be local requirements.

SECTION 15. COMPLAINTS REGARDING VIOLATIONS

Whenever a violation of this ordinance occurs, or is alleged to have occurred, any person may file a written complaint. Such complaint stating fully the causes and basis thereof shall be filed with the administrative official. He shall record properly such complaint, immediately investigate, and take action thereon as provided by this ordinance.

SECTION 16. PENALTIES FOR VIOLATION

Violation of the provisions of this ordinance or failure to comply with any of its requirements shall constitute a misdemeanor. Any person who violates this ordinance or fails to comply with any of its requirements shall upon conviction thereof be fined not more than \$100 or imprisonment for not more than 30 days, or both, and in addition shall pay all costs and expenses involved in the case. Each day such violation continues shall be considered a separate offense.

The owner or tenant of any building, structure, premises, or part thereof, and any architect, builder, contractor, agent, or other person who commits, participates in, assists in, or maintains such violation may each be found guilty of a separate offense and suffer the penalties herein provided.

Nothing herein contained shall prevent the Town from taking such other lawful action as is necessary to prevent or remedy any violation.

SECTION 17. SEPARABILITY CLAUSE

Should any section or provision of this ordinance be declared by the courts to be unconstitutional or invalid, such decision shall not affect the validity of the remaining provisions of this ordinance.

SECTION 18. OUTDOOR ADVERTISING BUSINESS

Provision of outdoor displays or display space on a lot or parcel shall be subject to the following regulations:

1. Signs not exceeding one square foot in area and bearing only property numbers, post box numbers, names of occupants of premises, or other identification of premises not having commercial character.

2. Signs and insignia of any government except those displayed in connection with commercial promotion.

3. Legal notices, identification, information, or directional signs erected or required by governmental bodies.

4. Integral decorative or architectural features of buildings, except letters, trademarks, moving parts, or moving lights.

5. Signs directing and guiding traffic and parking on private property, but bearing no advertising matter.

6. Signs not exceeding one square foot in area and bearing only property numbers, post box numbers, names of occupants of premises, or other identification of premises not having commercial character.

7. Signs and insignia of any government except those displayed in connection with commercial promotion.

8. Legal notices, identification, information, or directional signs erected or required by governmental bodies.

9. Integral decorative or architectural features of buildings, except letters, trademarks, moving parts, or moving lights.

10. Signs directing and guiding traffic and parking on private property, but bearing no advertising matter.

11. Signs not exceeding one square foot in area and bearing only property numbers, post box numbers, names of occupants of premises, or other identification of premises not having commercial character.

12. Signs and insignia of any government except those displayed in connection with commercial promotion.

13. Legal notices, identification, information, or directional signs erected or required by governmental bodies.

14. Integral decorative or architectural features of buildings, except letters, trademarks, moving parts, or moving lights.

15. Signs directing and guiding traffic and parking on private property, but bearing no advertising matter.

16. Signs not exceeding one square foot in area and bearing only property numbers, post box numbers, names of occupants of premises, or other identification of premises not having commercial character.

17. Signs and insignia of any government except those displayed in connection with commercial promotion.

18. Legal notices, identification, information, or directional signs erected or required by governmental bodies.

which does not meet the requirements of this ordinance.

LOT FRONTAGE - The front of a lot shall be construed to be the portion nearest the street.

For the purpose of determining yard requirements on corner lots and through lots, all sides of a lot adjacent to streets shall be considered frontage, and yards shall be provided as indicated under YARDS in this section.

LOT MEASUREMENTS:

a) Depth of a lot shall be considered to be the distance between the midpoints of straight lines connecting the foremost points of the side lot lines in front and the rear-most points of the side lot lines in the rear.

b) Width of a lot shall be considered to be the distance between straight lines connecting front and rear lot lines at each side of the lot, measured across the rear of the required front yard, provided however that within between side lot lines at their foremost points (where they intersect with the street line) shall not be less than 80 percent of the required lot width except in the case of lots on a turning circle of less than 100 feet, where the 80 percent requirement shall not apply.

LOT OF RECORD - A lot which is part of a subdivision recorded in the office of the Clerk of Court of Hancock County, Mississippi, or a lot or parcel described by metes and bounds, the description of which has been so recorded.

LOT TYPES - Plans I attached illustrates terminology used in this ordinance with reference to "corner" lots, "interior" lots, "reversed frontage" lots and "through" lots:

In Plate I, A - "corner lot", defined as a lot located at the intersection of two or more streets. A lot abutting on a curved street or streets shall be considered a corner lot if straight lines drawn from the foremost points of the side lot lines to the foremost point of the lot meet at an interior angle of less than 135 degrees. See lots marked A (1) in Plate I.

B - "interior" lot, defined as a lot other than a corner lot with only one frontage on a street other than an alley.

C - "through" lot, defined as a lot other than a corner lot with frontage on more than one street other than an alley. Through lots with frontage on two streets may be referred to as "double frontage" lots.

D - "reversed frontage" lot, defined as a lot in which the frontage is at right angles, or approximately right angles, to the general pattern in the area involved. A reversed frontage lot may also be a corner lot or an interior lot (see A-D and B-D in Plate I).

not bearing advertising matter shall not be included in computation of surface area.

SIGN, ON-SITE - A sign relating to its subject matter to the premises on which it is located, or to products, accommodations, services, or activities on the premises. On-site signs do not include signs erected by the Outdoor Advertising Industry in the conduct of the outdoor advertising business.

SIGN, OFF-SITE - A sign other than an on-site sign.

SPECIAL EXCEPTION - A special exception is a use that would not be appropriate generally or without restriction throughout the zoning division or district but which, if controlled as to number, area, location, or relation to the neighborhood, would promote the public health, safety, welfare, morals, order, comfort, convenience, appearance, prosperity, or general welfare. Such uses may be permitted in each zoning division or district as special exceptions, if specific provision for such special exceptions is made in this ordinance.

STREET LINE - The right-of-way of a street.

STRUCTURE - Anything constructed or erected with a fixed location on the ground, or attached to something having a fixed location on the ground, including buildings, mobile homes, walls, fences, billboards, and poster panels.

VARIANCE - A variance is a relaxation of the terms of the zoning ordinance where such variance will not be contrary to the public interest and where, owing to conditions peculiar to the property and not the result of the actions of the applicant, a literal enforcement of the ordinance would result in unnecessary and undue hardship. As used in this ordinance, a variance is authorized only for height, area, and size of structure or size of yards and open spaces; establishment or expansion of a use otherwise prohibited shall not be allowed by variance, nor shall a variance be granted because of the presence of non-conformities in the zoning division or district or adjoining zoning divisions or districts.

YARD - A required open space unoccupied and unobstructed by any structure or portion of a structure from 30 inches above the general ground level of the graded lot upward, provided however that fences and walls may be permitted in any yard subject to height limitations as indicated herein.

YARD, FRONT - A yard extending from the rear line of the required front yard to the rear lot line.

ending between side lot lines across the front of a lot.

In any required front yard, no fence or wall shall be permitted which substantially impedes vision across such yard above the height of 30 inches, and no hedge or other vegetation shall be permitted which materially impedes vision across such yard between the heights of 30 inches and ten feet.

In the case of through lots, unless the prevailing front yard pattern on adjoining lots indicates otherwise, front yards shall be provided on all frontages. Where one of the front yards that would normally be required on a through lot is not in keeping with the prevailing yard pattern, the administrative official may waive the requirement for the normal front yard and substitute therefor a special yard requirement which shall not exceed the average of the yards provided on adjacent lots.

In the case of corner lots which do not have reversed frontage, a front yard of the required depth shall be provided in accordance with the prevailing yard pattern and a second front yard of half the depth required generally for front yards in the district shall be provided on the other frontage.

In the case of reversed frontage corner lots, a front yard of the required depth shall be provided on either frontage, and a second front yard of half the depth required generally for front yards in the district shall be provided on the other frontage.

In the case of corner lots with more than two frontages, the Planning and Zoning Commission shall determine the front yard requirements, subject to the following limitations: (1) At least one front yard shall be provided having full depth required generally in the district; (2) No other front yard on such lot shall have less than half the full depth required generally.

Depth of required front yards shall be measured at right angles to a straight line joining the foremost points of the side lot lines. The foremost point of the side lot line, in the case of rounded property corners at street intersections, shall be assumed to be the point at which the side and front lot lines would have met without such rounding. Front and rear front yard lines shall be parallel.

YARD, SIDE - A yard extending from the rear line of the required front yard to the rear lot line.

In the case of through lots, side yards shall extend from the rear lines of the front yards

ending between side lot lines across the front of a lot.

In any required front yard, no fence or wall shall be permitted which substantially impedes vision across such yard above the height of 30 inches, and no hedge or other vegetation shall be permitted which materially impedes vision across such yard between the heights of 30 inches and ten feet.

In the case of through lots, unless the prevailing front yard pattern on adjoining lots indicates otherwise, front yards shall be provided on all frontages. Penton issues SOS

HNC faces five faculty openings

With five faculty vacancies at Hancock North Central School the opening of the 1963-64 session only a month away prompted Principal J. D. Penton to send out an SOS this week.

The north county school is on the market for a first grade teacher, a librarian and in the high school section instructors in English, science and band.

Penton said he is hopeful that some of the recent newcomers to the area may be qualified in these fields. An A teaching certificate is required.

L. C. Carrington who has directed the new band and taught English is the latest to resign. He has accepted a position with

an electronics firm in New Orleans.

Billy Floyd Seal, formerly science teacher and assistant football coach, has gone to Thomas, La., as science instructor and head basketball coach. The post of Librarian has not been filled since Mrs. L. J. Bates notified the principal she will join the staff this fall at William Carey College as reference librarian.

The first grade vacancy occurred as a result of the county board of education policy requiring all existing teachers with less than A certificate to pursue work to that end at summer sessions.

Addition of four new classrooms at the school this fall do not necessitate additional personnel, Penton explained, since they will house seventh and eighth grade sections previously overflowing in the high school building. Last session two classes were conducted in the cafeteria and there were four home rooms in the gymnasium.

IS A VOTE FOR
GOOD GOVERNMENT**

The Sheriff of your county, whether small or large, is one of the first lines of defense against crime in a community. They are recognized by the people in their community by the uniforms, insignia or badges of authority that they wear. It is important that these men are of the highest caliber, because they must command the respect of their fellow citizens.

These law enforcement officers represent to many people, our kind of government. It becomes necessary for the Sheriff, through his conduct and behavior, which reflects the behavior of his departments and community, to conduct himself in such a manner that it will be a credit on our county and on the individual office. The people whom he serves must have confidence in him, must respect him, and voluntarily want to cooperate with him. This is a big job and upon it rests the insurance of the maintenance of law and order. I think you will agree that my education, training and my on the job experience as a former City

Commissioner and Sheriff and Tax Collector and my ambition to serve as your next Sheriff and Tax Collector will help qualify me to make you a better and more experienced official.

My record of service as a public official will show for my efficiency and integrity. I have and will work always for those high standards of law enforcement that will help make a better and more prosperous Hancock County.

To every citizen to whom the office of Sheriff and Tax Collector belongs, I will offer prompt, courteous and experienced service. During my term of office in the past I have tried to serve the public in a manner in which I myself would like to be served. The Sheriff's office belongs to you the people and you should be careful as to whom you elect to handle this important job.

I seek the vote and support of those who want a Sheriff and Tax Collector who will be fair and courteous to one and all.

SYLVAN J. LADNER, JR.,

AS YOUR NEXT SHERIFF AND TAX COLLECTOR

Political ad submitted to and approved by Sylvan J. Ladner, Jr.

Despite its unkind critics and influential foes the South rises to a new destiny in the building of the Republic.

All in one news release, "The Mississippi Business Review," monthly publication of Mississippi State University's Bureau of Business and Economic Research, announces that five new industries are locating in Mississippi and that others already established are expanding.

At the same time, the Mississippi Power Company, which serves South Mississippi, announced that it plans to spend \$10,100,000 during 1963 in new construction to make added energy available for a region growing by leaps and bounds. And new oil and gas fields are discovered to give promise of an increasing source of wealth and power flowing into the state's growing economy.

One hundred years ago Mississippi, the Cotton State, was on the verge of an industrial revolution. Climate, natural resources, and native ingenuity were converg-

ing to make Mississippi an industrial as well as an agricultural empire.

Civil strife and a devastating war crippled the economy of a people to turn back the clock of normal progress, and postpone the state's industrial development. A Deep South pioneering builder says, "The Last Half of the 20th Century Belongs to the South." Its time has come, and in this procession to a brighter and more prosperous future, progressive Mississippi claims her place in the sisterhood of states.

Many wrenches are being thrown into Mississippi's economic machine to create social and political unrest by those who for some reason envy us our advantages, and who would deny us our proportionate share of the great American birthright, but these unkind disturbers will not deny us our place in the sun.

These are challenging but promising times, and Mississippians with their feet on the ground and their heads in the stars face new horizons. So Mississippi has staked her claim upon this last half of the 20th Century and her sons will make the most of it.
